RE: The Rio Linda / Elverta Project (01-AFC-1)

Dear Ms. Epps:

Enclosed for filing with the California Energy Commission are one original and 12 (Twelve) copies of the Applicant's **Status Report Number 11, regarding the Rio Linda / Elverta Project (01-AFC-1)**. The undersigned will continue to file progress reports on behalf of FPL Energy Sacramento Power, LLC, and will be the point of contact for the project for the period of the suspension.

Sincerely,

John P. Grattan
on behalf of
FPL Energy Sacramento Power, LLC

In the Matter of:

Application for Certification
For the FPL Energy Sacramento
Power, LLC Rio Linda/Elverta
Power Project (Rio Linda)

DOCKET NO. 01-AFC-1

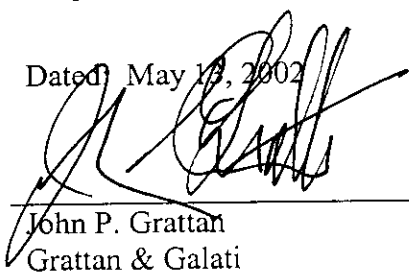

**APPLICANT'S STATUS REPORT,
NUMBER 11**

The Rio Linda/Elverta Power Project Committee's September 18, 2001 **Committee Order Suspending Scheduling** directed the parties to continue to file monthly status reports until the Committee directs otherwise. The following is the Applicant's progress to date since the filing of Applicant's Status Report Number 10.

The Applicant is focusing its efforts on first capturing the necessary emission reduction credits. As noted in Status Report Number 10, US EPA has proposed using the Rio Linda Project as a pilot project for calculating emission reduction credits associated with agricultural burning reductions. The applicant continues to work with US EPA Region 9, the EPA Triangle Park Research Center, and US EPA Headquarters in Washington, D.C. US EPA Region 9 in turn, is coordinating the effort with the Sacramento Metropolitan Air Quality Management District (SMAQMD).

Respectfully submitted,

Dated, May 13, 2002
